ONLINE DANCE TEACHER TRAINING WITH CREATION

- 
- If you are already a competent dancer and now want to take teacher training online, then Creation can help. It doesn't matter where you are in the world, if you have access to the following you can take our teacher training course:
 - Internet Access
 - Video recorder or camcorder

HOW DOES IT WORK?

Our teacher training is in 2 parts. Part 1 consists of home study and is examined by a 60 question test which you take online. On signing up, you will be given a password to enable you to access our teacher training website. There you will find all the information you need for your course, which you can download and view at a convenient time.

We supply all your study materials and sample questions. You can access the website up to 2 months before your assessment, giving you plenty of time.

Part 2 of the course is a practical assessment.

You will be given 2 routines to learn and using those routines, we'll take you through teaching techniques and pointers.

Assessment consists of a filmed dance class, which you then submit to us online. All you need is a space to film the class and a camera.

On completion of the test and practical, we will assess your performance and you will be awarded a CDTT certification.

How long does the training take and what can I do when I've passed?

The course can be completed in your own time, but it normally takes our clients 1 –2 months to complete the Part 1 section part time. If you are able to study full time, you may find yourself ready to take the assessment within 1 week.

You can take Part 1 of the qualification first, then take Part 2 at any time within the next 6 months.

You will have 2 months from signing up to take Part 1 of the qualification.

Please allow 1 week for assessment of your exam and practical submission and results to be processed.

WHAT CAN I DO WITH MY QUALIFICATIONS?

You can use your qualification for employers who require teacher training, to hire you, or to teach your own dance classes. You can also now teach Creation Dance Urban Groovz or Disco Heaven classes for any Creation dance class operator.

THE RIGHT STEPS FOR SUCCESS

This course is not designed to teach you HOW to dance. You should already be a competent dancer and able to pick up choreography. We are not assessing your performance ability however, but your ability to teach. The best dancers do not necessarily make the best teachers and vice versa, but do bear in mind that you will need to be able to perform the given routines to a confident standard in order to pass this qualification.

You will need to be OVER 18

You will need ONE of the following criteria:

1. A dance or performing arts related degree (with a majority dance component); OR
2. Prior dance experience, as a student or a performer (either formal or informal experience) OR
3. Prior dance teaching, or assistant dance teaching experience
